Dear [redacted]

STAT

I would like to commend a member of your staff who is of great help to my office. [redacted] of the FIBUS Bulgarian Desk has helped my staff understand the Bulgarian press and disinformation with regard to technology transfer.

STAT

[redacted] came to my offices and worked with my staff, proving himself to be an invaluable resource.

STAT

I would very much like to be able to count on [redacted] periodic assistance in the future. The practical oral translations, notes, highlights and technical translations he provides, in addition to what we receive from FIBUS and TTIC, are of tremendous help to us. As we expect to see an increase in the number and intensity of Bulgarian articles on technology transfer in the not-too-distant future, [redacted] will be, with your permission, an important resource for this office.

STAT

Thank you for your support.

Sincerely,

Dr. Stephen D. Bryen  
Deputy Assistant Secretary  
International Economic, Trade and Security Policy
